

Critical Acclaim for Amavi Cellars' **2007 Sémillon**

WINE ENTHUSIAST

November 2008

90 Points Barrel-fermented in used French oak, it is instantly delicious with appealing fruit flavors of citrus and pear, accented with scents of citrus oil and what winemaker Jean-François Pellet identifies as linden tree blossom (you will have to find your own linden tree to check that out). The midpalate is round and smooth, with proportionate natural acids. —*Paul Gregutt*
