## Critical Acclaim: 2008 Syrah

### Top 100 Wine

Remains one of the best values in the Northwest. The fruit has amazing pedigree: a mix of Pepper Bridge, Seven Hills and Les Collines [vineyards], in mostly old oak. The result is a salty, bright mouthful of bramble fruit, balanced with some sweet game meat aromas and tarry overtones. Masterful. (*San Francisco Chronicle*, December 2010)

### 91 Points

Beautifully fragrant, with intense, polished berry and currant fruit flavors, more than a light sniff of fresh mushroom and lovely herbs. This is a truly remarkable effort, elegant and complex. There are nuances of blood, and garrigue, and just the right amount of whole cluster (about 20%) giving definition and texture through the finish." (*Wine Enthusiast*, February 2011)
